Acceptable Use Policy Agreement for Parents and Carers

In this Acceptable Use Policy Agreement the 'school' refers specifically to Capenhurst CE Primary School.

Policy Rationale

Digital technologies have become integral to the lives of children and young people, both within schools and outside school. These technologies provide powerful tools, which open up new opportunities for everyone. They can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. Young people should have an entitlement to safe internet access at all times.

This Acceptable Use Policy Agreement is intended to ensure that:

- young people will be responsible users and stay safe while using the internet and other communications technologies for educational, personal and recreational use.
- the school's systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.
- parents and carers are aware of the importance of online safety and are involved in the education and guidance of young people with regard to their on-line behaviour.

The school will try to ensure that all pupils will have good access to digital technologies to enhance their learning and will, in return, expect all pupils to agree to be responsible users. A copy of the Pupil Acceptable Use Policy Agreement (either KS1 or KS2 or both where relevant) is attached to this permission form, so that parents / carers will be aware of the school's expectations of the young people in their care.

Parents are requested to sign the permission form below to show their support of the school in this important aspect of the school's work.
