

## SUMMER 2019

Dear supporter of **Little Faces School**.

The school has just re-opened after the summer break, and the children have now reported back ready for the final term of the year.

Some of the children have failed to return as families will take any opportunity to make a living when they can and this sometimes means families moving home. While some children have left we have also had some new arrivals to swell the ranks.

I will contact sponsors of any changes but I will let school settle down in case children are late returning. This year sees a new examination for Grade 3 pupils, as yet the school has not been advised as to the subjects to be covered , teachers are hoping that there will be nothing that children's education has not covered .

Christmas / Graduation boxes are to be shipped very shortly many Thanks to all who have donated and supported this and a very big thanks to **DHL Express** for agreeing to ship these to the school

A job well done Sally and the "Troops take a well earned rest after completing the Christmas Box shipment. Boxes just need wrapping , weighing and shipping. A gift for every child at the school

Faith our administrator at the school has sent us this report from the school after re-opening after summer

## **LITTLE FACES SCHOOL**

**FROM: FAITH AMBILA**

**SUB: OPENING OF SCHOOL, THIRD TERM REPORT**

### **1. OPENING SCHOOL**

We opened school on 2<sup>nd</sup> September 2019 well with majority of the children reporting to school. At the moment all the children have reported back to school, and are excited to be back. Learning has resumed well and teachers are looking forward to another term of teaching. Teacher Margret (KG 2) did not resume on the opening day because she was sick with bacterial infection but now, she is doing well and is back to work.

### **2. HEALTH**

Healthwise for the children, they are healthy and okay. No child / children has not yet reported back due to health problem of any sort. They are continuing to learn and also preparing for graduation with songs and dance.

The feeding program to is continuing as usual with the children taking porridge during breaktime with a snack and also eating lunch being prepared by the school cooks.

### **3. CURRICULUM**

Teachers are incorporating into practice what they learnt during their August holiday training since the curriculum has changed. The Kenyan government is very strict in ensuring all learning institutions follow the curriculum.

Thank you for your continuous support towards Little Faces School. Should you have any query please contact me on +254710977501 or email at [ambilafaith@gmail.com](mailto:ambilafaith@gmail.com) to assist in any possible way.

Thank you....

With a few sore legs and many miles pedalling the Paris Cycle ride was completed, raising funds for the new school build

Well done Sally , Geoff, Tim and Graham

A very generous donation has been made by the Jaguar Landrover Plant Charity Committee at Halewood Liverpool providing funds for this years Haller Park Trip.

*The challenge for 2020 is a 2-day canoeing expedition on the River Ant in the beautiful Norfolk Broads*

**Advance warning Next years Fund Raising event will be a canoe trip challenge**
